“Harnessing the Potential of Soave”

Ian D’Agata | June 2017

“Inama is one of Soave’s -- Italy’s, actually -- most important producers, who in the 1990s also expanded his holdings to the Colli Berici area of Veneto, where he produces highly interesting red wines too.”

**92+**

*Deep golden yellow.  
Subtle oaky nuances add complexity to the honeyed aromas and flavors of peach, apricot and fresh citrus flavors. Smooth and ripe but with lots of harmonious and lively acidity that keeps this big baby light on its feet. Finishes long and tactile with a strong peppery bite.*

**92+**

*Golden yellow.  
Subdued aromas of ripe orchard fruit and herbs. Rich and concentrated, with ripe orange jam and peach flavors, plus hints of marzipan.  
Finishes long and clean.*

**91**

*Bright straw.  
Pear and apple on the fresh, deep nose. Then juicy with clean flavors of apple jelly, white stone fruit and minerals; has good weight and texture. Finishes clean, fresh and with a delightful crystalline quality. Very impressive.*
