Riff Pinot Grigio Delle Venezie DOC - 2021

2022's 11 Best Pinot Grigio Under \$25

The fruit of this wine comes from the Dolomites, part of the ancient Alps in northern Italy. They're so ancient that these mountains were once under the sea. This means that to this day, fossils are often found in vineyards as farmers tend to the vines. This, along with the high elevation and sun, results in vibrant, crisp wines, especially white wines like this. This wine is a great way to enjoy this region. Building upon natural acidity with crisp, vibrant flavors, this is a great showcasing of mountain fruit and an ideal way to explore the Veneto region. It is easy and uncomplicated while being extremely balanced with bracing acidity and good medium fruit to complement a sunny day with good friends.
