2023 TENUTA DI CAPEZZANA TREBBIANO TOSCANA IGT

93

MARCH 2025

vinous

The 2023 Trebbiano Capezzana is youthfully coy, mixing hints of ginger with wildflowers and lime. It's round and supple with a whiplash of zesty acidity and a saline flourish offsetting nearly oily textures and depths of ripe nectarine. It finishes tense and incredibly long, tapering off with a cheek-puckering lemony concentration. The 2023 is painfully young today but full of potential.
