AMARI

Meaning “bitter” in Italian, amaro, Italy’s quintessential drink, is a sub-category of bitter liqueurs composed of a blend of botanicals, including herbs, spices, roots, seeds, and other plants. These ingredients contribute to its characteristic bitter flavor, which can range from subtle to intensely pronounced.

AMARO DEL CANSIGLIO - DISTILLERIA DELL’ALPE

The Alpine Amaro **25% ABV** **700ML** **SRP \$32** **UPC 8004595047510**

Amaro del Cansiglio is an Italian bitter liqueur made from a hydraulic infusion of over 18 herbs, plants, and berries ((bay leaves, bitter orange, cascarrilla, gentian, rhubarb, aloe...) from the Cansiglio forest at the foot of the Eastern Italian Alps. With only natural ingredients, it has a fragrant herbal and citrus bouquet, a clean and round taste, and a lingering finish. Balancing moderate bitterness with mild sweetness, it’s versatile—enjoyed on the rocks, in cocktails like an amaro sour or White Negroni, with tonic, or as a digestive.

ROSEN BITTER ROSA ALPINA - DISTILLERIA DELL’ALPE

Artisanal Red Bitter since ‘51 **25% ABV** **1L** **SRP \$35** **UPC 8004595047770**

Rosen Bitter Rosa Alpina, first produced in 1951, is a Venetian-style amaro infused with handpicked mountain herbs and berries from the Italian Eastern Alps. Ingredients like Alpine rose, bay leaf, bitter and sweet orange, gentian, and rhubarb are distilled in copper stills and rested for 20 days. With an intense yet balanced bitter-citrus profile and a hint of sweetness, it matches Campari’s bitterness. Ideal for classic cocktails like Negronis, Negronis Sbagliatos and Boulevardiers, and Americanos, it also pairs well with mezcal, tequila, and in lower-proof drinks like Americanos, Spritzes, Bicchiettas, or with club soda.

1904 AMARO - BAD SPIRITS

Chamomile Amaro from Bologna **29% ABV** **700ML** **SRP \$45** **UPC 8388778777471**

Amaro 1904 honors the family legacy of botanist Ferdinando De Cinque, who perfected its recipe through years of refinement. This rich amber-hued amaro blends botanicals like chamomile, orange, cinnamon, mint, and cloves for a complex, balanced flavor. It opens with zesty citrus, followed by warm spice and refreshing herbal notes, with chamomile adding depth and aromatic complexity. An exceptional digestif, it can be enjoyed straight, on the rocks, or as a versatile cocktail ingredient.

GINs & FRATELLI

Gin is a versatile spirit known for its botanical complexity, with juniper berries as its defining ingredient, giving it a distinct piney aroma and flavor. Beyond juniper, distillers use a variety of botanicals—citrus, spices, herbs, and flowers—creating a wide range of styles and flavor profiles.

ELENA DRY GIN

This small-batch dry gin is crafted with handpicked botanicals from Piedmont’s hills and the Maritime Alps and distilled in 18th-century wood-fired copper stills. It features a classic juniper-forward profile with citrus notes and a silky, herbal finish, with a subtle amber hue from post-distillate botanical infusion. Full-bodied and aromatic, Elena Gin is perfect for classic cocktails like the Martini, G&T, and Negroni.
