ELENA DRY GIN - LANGA STYLE

APRIL 2025

From Piedmont, Italy, this small-batch gin carries a Pinot Grigio-like light gold hue that comes from wood-fired distillation and natural herb infusion, according to the brand. That color makes it stand out on shelves and back bars, while the herbal character hits immediately — mountain mint and angelica flowers most notable among them. With a vermouth-style bitterness on the palate, match like for like by mixing in a G&T or Negroni.
