## 2019 RIFF PINOT GRIGIO DELLE VENEZIE DOC

OCTOBER 2020

VINEPAIR

6 of the Best White Wines for Winter Under \$20

"I am including this wine because it's tough out there. There are so many options on the market, and it's not easy to find one that really hits. This one hits. It has the crisp, refreshing acidity we all love in this style of wine, but there is a unique balance between that and the fruit. There's a slight grip on the palate that is quenching."
