## 2022 SUPÈRA VERDICCHIO DI MATELICA DOC

MAY 2024

vinous

The 2022 Verdicchio di Matelica Supera opens with a delicate blend of young peaches offset by lime zest and wet stone. It's soft-textured yet saline in character with tart lemon and orange tones that add a reverberation of tension as tropical inner florals form toward the close. The 2022 finishes with a staining length yet fresh, leaving hints of young mango and kiwi remaining. The Supera is Garofoli's interpretation of Matelica, which impresses me for its combination of tropical sensations and stern minerality.
