WINE ADVOCATE

The Vietti 2021 Colli Tortonesi Timorasso Dertthona shows a brilliant appearance, density and crunchy fruit. Still quite neutral aromatically at this young stage, you can expect a slow and beautiful evolution to come. The quality of the fruit is precise and clean. I am reminded of a ripe pear closed with wax. There is a spicy note with white pepper and a hint of kerosene. A tart hint of citric acid needs to iron out, but it gives the wine the ability to age.
