

## 2017 Tenuta Sant'Antonio Ripasso Monti Garbi

Deep ruby color. Nose has a deep core of black currants and roasted digs, with some warm clay, smoky earth, clove notes. Suave and rich on the palate, moderate tannins, medium acidity helps keep it lively. Tart black currants and roasted fig fruit mixes well with leathery, smoky, earthy, coffee tones. Warm and inviting stuff, but this could use a year or two to express itself more.

— Isaac Baker: *Terroirist*, Dec 2019
