The 2016 Ghiaie della Furba is a blend of mostly Cabernet Sauvignon with smaller parts Merlot and Syrah. From a classic vintage, the wine opens to a darkly saturated color with rich ruby and garnet highlights. Fruit is sourced from a site not too far from the Furba River, from which the wine takes its name. It closes with an open-knit texture, big structure and an accessible style that makes it perfect to drink straight out of the gate.
