No Sun & No Vaccine? These Are The Wines To
Get You Through Winter

Made from 100% Chiavennasca grown in the foothills of the Alps, this special wine gets its extraordinary expressiveness from air-dried fruit. Sforzato (Sfursat) is a term that refers to the process of leaving fruit to dry in boxes for two months - usually on the upper floors of the winery. The dry alpine air concentrates flavors and sugars, yielding a wine of rich dark cherry fruit, supple texture with a sensual lingering finish
