Developed ruby with a brownish tinge. Rich, dark fruit on the nose. Peppery and deep with hints of tobacco and orange. This has clearly some age to it, but it is just beginning to reach its peak. Suave, deep, supple fruit with Sangiovese tanginess, while the Cabernet component has a savoury blackcurrant quality to it but poised, rather than upfront. Peppery dark-fruit finish with sandpapery tannins. Not just another Cabernet blend, this has class as well as a personality all of its own and age has resulted in a superb balance between fruit, tannins and acidity and complexity. This will continue to develop for quite a few years.
