The 2012 Carmignano Villa di Capezzana is soft, radiant and open-knit, all of which give considerable appeal today. There is good brightness and intensity to the fruit, along with lovely aromatic top notes of cedar, smoke, licorice and tobacco. Given its mid-weight structure, the 2012 is likely to offer its best drinking sooner rather than later. There is no reason to delay gratification in this impeccable, beautifully crafted Carmignano from Capezzana.
