Made with a 40% base of Cabernet Sauvignon with 25% Merlot and 35% Syrah (that is aged in barrique for 18 months), the organic Tenuta di Capezzana 2020 Ghiaie della Furba opens to an inky dark appearance with generous black and purple fruits. The wine is broad and rich in texture, with some bitterness in terms of the tannins, and it has end notes of smoked spice and scorched earth. The quality of the tannins in 2020 is on the rough side. Production is about 10,000 bottles.
