Region:

Tuscany

In the bottle with the white label, the organic Tenuta di Capezzana 2020 Carmignano Villa di Capezzana boasts a clear personality. The bouquet is very ripe in 2020, and you get soft fruit tones of blackcurrant and bitter plum. This blend of 80% Sangiovese and 20% Cabernet Sauvignon ends with a food-friendly touch of acidity and a mid-weight finish. You might want to pair it with cacio e pepe, given the wine's freshness. There are hints of black pepper on the close that seal the deal. This is a big production of 70,000 bottles.
