Their 2023 Limizzani Vermentino di Gallura is a fresh and aromatic wine that exemplifies the best qualities of Vermentino. It is a luscious sensory experience for those new to this variety. Its rich aromas of linden flower, peach, ripe apple and tropical fruits are enhanced by herb and citrus peel hints. The flavors are exotic and appealing with the luscious apricot, peach and pineapple fruits backed by delicate floral, mint and citrus peel tones. It is a delicious example that invites another sip.
