Barco Reale allows you to gain an insight into the charms and stature of Carmignano. Capezzana, arguably Carmignano's best and most well-known producer, makes a consistently engaging Barco Reale. The mid-weight 2022 delivers lots of bright cherry-like flavors accented by savory notes, all supported by mild tannins and mouth-watering acidity. Enjoy it now while (hopefully) your bottle of their Carmignano ages in your cellar.
