Incredibly pretty, the 2023 Rosso di Montepulciano wafts up with a lovely mix of wild strawberries, violets, lavender and wet stones. This is juicy in style and remarkably pure, with a subtle tinge of minerality and vividly ripe cherry-berry fruit notes that flow across a stream of fresh acidity. It tapers off crisp and only gently tannic yet poised with medium length. This is fantastic for the difficult 2023 vintage and not your typical Poliziano Rosso, with just 50% of production and 100% Sangiovese.
