**Tenuta di Capezzana Ghiaie della
Furba Toscana IGT - 2006**

vinous

The 2006 Ghiaie della Furba a blend of 60% Cabernet Sauvignon, 30% Merlot and 10% Syrah is seductive, with a wonderfully mature bouquet of sweet tobacco, white smoke, lavender and wilted violets complementing crushed blueberries. It's seamlessly silky in feel, with cooling acidity and tart red and black fruits to add contrast as dark inner florals amass toward the close. A bit shorter than expected, the 2006 leaves a big impact as the palate finishes classically dry with a lingering minty freshness. This is remarkably pretty, and while I'd prefer more follow-through, I still find the 2006 to be irresistible.
