Winery Founded:

Region:

Trentino-alto adige

In Italy's far northern region of Alto Adige, the dramatic, sloping hillsides of the vineyards echo the nearby Dolomites. Here, historic family winery Alois Lageder recently released the first iteration of their Misto Mare field blend an intriguing and delicious example of the region's diversity and sustainability efforts. For the Misto Mare, Alois Lageder collaborated with several of their vineyard partners for a blend of more than 14 red and white grape varieties and vinified as a white wine. The resulting wine is an intriguing tour for the senses through Alto Adige. Richly aromatic with notes of stone fruit and grassy florals, the Misto Mare is medium-bodied with enough structure to carry through crisp, late summer evenings. Lively flavors of citrus and jasmine and a subtle salinity keep the wine bright and fresh.
