The 2022 Chardonnay Löwengang is spicy to the core as a bouquet of dusty dried flowers, gingery spices, mint leaves, pine shavings and nectarines forms its truly seductive aromatics. It is elegant with seamlessly silken textures and depths of ripe apple and pear that sweep across a wave of tantalizing acidity. Dramatically long and structured, this echoes with notes of sour citrus and a crunchy mineral saturation, all under an air of chamomile. It is simply stunning today, yet with the balance for a long evolution.
