The 2012 Ghiaie della Furba is a seamless blend of 50% Cabernet Sauvignon, 25% Merlot and 25% Syrah. The wine offers the inner structure of the first variety and the aromatic softness and richness of the last two grapes. Black fruit, pipe tobacco and sweet rum cake add to the wine's pretty layering. This blended red is aged in barrique for 15 months and those oak tones are lavish and savory. The texture is velvety and dense.
