

WINE STORY

Masseria Li Veli features little-known native grape varieties of Puglia in its Askos line. Verdeca is the white entry in this line. Not much Verdeca is grown in Puglia, and almost none outside the region, so it's exciting to see a varietal Verdeca wine like this one from Li Veli. Askos is a Greek word for a type of wine container, harkening back to the pre-Roman days when the Ancient Greeks colonized Puglia and produced wine here perhaps from Verdeca.
